WOB NUTRITION

WE LOVE FITNESS

“Stay fit and healthy” is our motto!

Fitness-oriented people do not only exercise on a regular basis, they also pay more attention to a controlled and strict diet, supported by so-called dietary supplements.

And there we are the perfect partner! We carry a large assortment of nutritional supplements, sports equipment and apparel. Plus, we provide you with the best support and advice.

Experience our product line **WOB-NUTRITION**, carefully prepared in a strictly monitored process and awarded a quality seal. Our products are laboratory tested for purity, safety and quality. 100% guarantee on the weight of the ingredients. „Made in Germany“ – perfectly designed for high performance.

Be it martial arts, cycling, ball or water sports, in the professional or the hobby segment or just for a health conscious diet – we have the right product for everyone!

ABOUT US...

With this catalogue, we want to give you a little insight into our large assortment. For additional products and special offers please visit our website: www.wobnutrition.com

WHEY PROTEIN PREMIUM

Protein concentrate with vitamins for preparing a protein-rich cold drink.

The high concentration of amino acids and vitamins enables the muscle to regenerate in no time and to stimulate the metabolism. Perfect supply of nutrients after exercise and an ideal meal replacement.

Ingredients: Whey protein concentrate (99,4%), L-ascorbic acid, nicotinamide, dl-alpha tocopheryl acetate, calcium D-pantothenate, riboflavin, pyridoxine hydrochloride, thiamin mononitrate, pteroylmonoglutamic acid, D-Biotin, Cyanocobalamin.

MADE IN GERMANY

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

XOTIC CFM WHEY

Cross-flow micro-filtered whey-protein isolate to prepare a protein-rich cold drink.

XOTIC CFM Whey is produced without adverse influences such as heat – that way it is available in its original form. The result: 100% bioactive whey-protein isolate with a biological value of 104! This guarantees an extremely fast nutrient uptake in the muscles. Excellent supply of nutrients after training with an exotic fruity taste.

Ingredients: Whey protein isolate CFM (93.0%) (contains soy lecithin), flavoring, acidifier (lactic acid), papaya powder (maltodextrin, papaya powder, spray-dried papaya puree) (0.5%), orange powder (maltodextrin, spray-dried orange juice concentrate, acidity regulator citric acid) (0.5%), sweetening agents (sodium cyclamate, acesulfame K, saccharin), emulsifier (soy lecithin), coloring (beta-carotene, beetroot (betanin)).

**PROTEIN
DELUXE**

**Multi-component protein with vitamins
to prepare a protein-rich cold drink.**

Protein Deluxe is available in 13 different, delicious flavors. It consists of high quality milk protein and whey protein. It combines short-chain and long-chain protein and can thus be taken after training or as a meal replacement. The mixing ratio of the components results in a high bio-availability.

Ingredients: Milk protein concentrate (45.4%), whey protein concentrate (45.0%) (contains soy lecithin), thickener (guar gum, xanthan gum), flavoring, white egg powder (1.0%), sweeteners (sodium cyclamate, acesulfame K, saccharin), L-ascorbic acid, nicotinamide, vanilla bean powder (0.07%), DL-alpha tocopheryl acetate, calcium D-pantothenate, riboflavin, pyridoxine hydrochloride, thiamin mononitrate, coloring (beta carotene, riboflavin), Pteroylmonoglutaminsäure, D-biotin, cyanocobalamin.

**MADE
IN
GERMANY**

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

**NIGHT & DAY™
PROTEIN**

High quality casein with amino acids for the preparation of a protein-rich cold drink.

Night & Day Protein is one of the highest quality casein products on the market that contains almost no lactose, fat, or sugar. The high and long-chain protein saturates your body for up to 6 hours and is ideal for a diet or during the night. Combines well with Liposuc or Lipogreen (page 19).

Ingredients: Milk protein powder (97.1%), flavoring, salt, citric acid (lactic acid), sweetener (sucralose), vanilla bean powder (0.07%).

**MADE
IN
GERMANY**

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

CAPPUCCINO ■ 750g

100% EGG PROTEIN

NEUTRAL ■ 1000g

MAGIC SOY™ ISOLATE

Soy protein isolate with vitamins and sweeteners for the preparation of a protein-rich cold drink. Our Magic Soy isolate is a vegetable protein and thus very well suited for vegetarians and vegans. An ideal meal replacement, a good choice for a diet and surely the best protein supplier for the muscles.

Ingredients: soy protein isolate (100%)

100% EGG PROTEIN

One hundred percent egg protein

Advantages: High bioavailability, muscle development with low water storage, perfectly suited for lactose intolerance.

Ingredients: egg protein powder (100%).

The analysis table for the 100% Egg Protein is available on our Website www.wobnutrition.com.

PACKAGE SIZE

LIPOGREEN ■ 100 CAPSULES

LIPOSUC ■ 120 CAPSULES

LIPOGREEN™

STEP 1

Green Tea Fat Burner with L-carnitine and caffeine.

The well-balanced combination in LIPOGREEN stimulates the metabolism of the whole body.

There is a noticeable increase in energy level and, in addition to that, a natural detoxification process. As a result, the body burns significantly more fat reserves.

Ingredients: L-carnitine tartrate (53.6%), green tea extract (21.5%), gelatin (capsule), caffeine (10.7%), Magnesium stearate and silicon dioxide, vegetable oil.

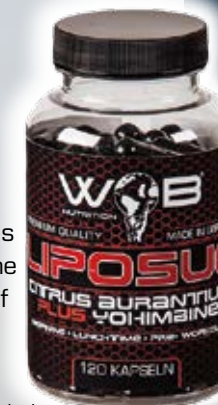

LIPOSUC™

STEP 2

Yohimbine strong fat burner for those stubborn areas.

Thermogenically acting properties and vein dilation through Yohimbine leads to an easier elimination of fat cells, especially in the lower abdomen regions.

Ingredients: cellulose filler, caffeine, gelatin (capsule), Citrus aurantium extract, green tea extract powder release agent (magnesium stearate, silicon dioxide), Yohimbine extract, colors (E172, E171).

NATURAL CLA

Conjugated linoleic acid to burn fat.

CLA increases thermogenesis and body fat metabolism as well as energy metabolism. Thus, calorie consumption is increased, which boosts a deficit in the energy balance and thereby weight loss.

Ingredients: conjugated linoleic acid (60.5%) cellulose, gelatine (casules), releasing agent silicon dioxide

GREEN TEA

Green Tea Extract.

Dietary product for metabolic stimulation. Invigorating and antioxidant with a fat burning effect.

Ingredients: green tea extract (82.0%), gelatin (capsule), Magnesium stearate and silicon dioxide, vegetable fat

CARNI SLIM LIQUID/CAPS

L-carnitine liquid or in capsule form for fat burning.

L-carnitine can lower blood lipid levels up to 50%. This has a positive effect on the cardiovascular system. L-carnitine is involved in the energy production from fatty acids. Perfect before or during exercise or before a meal.

Ingredients: L-carnitine tartrate (54.3%), rice flour, gelatin (capsule), releasing agent (silicon dioxide, magnesium stearate), vegetable oil.

AMINO RUSH LIQUID

Liquid amino acids for intense muscular effort with vitamin B6 – low carbohydrates.

This product provides your muscles in a very short time with the most important amino acids before, during or after an intense workout. This allows rapid recovery of the muscles.

Ingredients: Water, protein hydrolyzate (45.7%), fructose, citric acid, flavoring, preservative: potassium sorbate, sour cherry fruit powder (0.1%), sweeteners (sodium cyclamate, acesulfame K, saccharin), pyridoxine hydrochloride (vitamin B6), colors (E 122, E 124).

WHEY AMINO SHOT AMPOULES

Whey amino acid preparation -
even on the go.

Whey Amino Shot supplies your muscles
in everyday life or immediately after training
with high doses of amino acids in an ampoule.

Ensures the regeneration of your muscles.
Each ampoule contains 25.2 g of the most
important amino acids and less than 0.1 g of carbohydrates.

Ingredients: Water, collagen hydrolyzate, acidifier (lactic acid), whey protein hydrolyzate, aroma, preservative (potassium sorbate), sweeteners (sodium cyclamate, acesulfame K, saccharin), emulsifier (E471), color (E 129).

AMINO MOST WANTED

For muscle development in the body and for relaxation.

Amino acids are the main building blocks of muscle. Stress and poor diet can lead to a lack of amino acids in the body and result in a weak immune system and fatigue. Amino acids stimulate muscle growth and can also improve the structure of skin and hair. Amino Most Wanted, the smart choice for your body!

Ingredients: Whey protein concentrate, soy protein isolate, dicalcium phosphate, releasing agent (magnesium stearate, silicon dioxide), whey protein hydrolyzate.

BCAA FUEL
BCAA TABS
BCAA POWDER
BCAA GOLD

Leucine, isoleucine, valine - the three most important amino acids. These amino acids are incredible energy boosters and support you in weight training and endurance sports or during a diet. They prevent protein degradation in the muscles and increase the secretion of insulin, which takes care of the transport of glucose into the muscle cell, which is converted into energy there. Thus, the perfect choice for muscle building.

Ingredients: L-leucine (49.9%), L-valine (24.9%), L-isoleucine (24.9%), release agents (silicon dioxide).

100% L-GLUTAMIN ■ 250g

100% L-GLUTAMIN ■ 500g

100% L-GLUTAMIN ■ 250 CAPSULES

100% L-GLUTAMIN POWDER OR CAPS

L-Glutamine - the most important amino acid in addition to the BCAA's

L-glutamine plays a crucial role in the muscles. It promotes an increase in cell volume, increases efficiency and strengthens the immune system.

L-glutamine can exert a positive influence on the growth hormones. Thus, L-glutamine is the perfect partner for sports and endurance sports.

Ingredients: L-glutamine (100%)

HURRY GAIN™ HARDGAINER

Carbohydrate-protein concentrate with many vitamins and amino acids for weight gain.

A specially developed WeightGainer for the so-called hard-gainer, who finds it difficult to increase muscle mass. By the high content of carbohydrates in combination with protein, amino acids and vitamins, the mass phase is greatly accelerated. **A combination with our creatine products can further enhance this process.**

Ingredients: Dextrose (79.4%), soy protein isolate (13.5%), flavor, whey protein concentrate (2.0%), thickener (guar gum), acidity regulator (citric acid), strawberry fruit powder (maltodextrin, strawberries, acidity regulator citric acid) (0.3%), L-ascorbic acid, nicotinamide, DL-alpha tocopheryl acetate, calcium D-pantothenate, riboflavin, pyridoxine hydrochloride, thiamine mononitrate, color (red beet (betanin), pteroylmonoglutamic acid, D-biotin, cyanocobalamin).

**MADE

**BIG BOSS
GAINER**

Carbohydrate-protein concentrate with many vitamins and amino acids to increase weight.

A weight gainer which is ideal for the muscle-mass phase. Due to the complex carbohydrates that protein is transported faster into the muscles. The Glycogen storage is refilled, resulting in an increase in the muscle cell. A combination with our creatine products enhances this process further.

Ingredients: Maltodextrin (42.3%), whey protein concentrate (25.0%), fructose (13.8%), isomaltulose (13.8%), flavor, oat flour (1.5%), thickener guar gum, vanilla bean powder (0.07%), vitamin C, niacin, vitamin e, pantothenic acid, vitamin B6, vitamin B2, vitamin B1, folic acid, biotin, vitamin B12.

**MADE
IN

TRIANABOL™

Testosterone enhancer with (84%) Tribulus Terrestris.

The high content of Tribulus Terrestris increases the testosterone level, strengthens potency, increases muscle building and leads to a general well-being.

Ingredients: Tribulus Terrestris extract (84.2%), gelatin (capsule), separating medium magnesium stearate, colors (E172, E171).

TEST OVERDOSE™

Combination product to increase testosterone and burn fat.

By combining the contained substances, the body's own hormone production is increased. It is energy-boosting, promotes muscle building and fat burning, increases potency, stimulates the metabolism and also acts as an antioxidant.

Ingredients: Maca powder (31.9%), Tribulus terrestris (contains 40% saponins) (26%), gelatin (capsule), green tea extract (containing 4% caffeine) (10.8%), grape seed extract (contains 95% proanthocyanidins) (5.4%), cinnamon extract (4.3%), caffeine (2.2%), pepper extract (containing 95% piperine) (2.2%), nicotinamide, calcium D-panothenat, releasing agent silicon dioxide and magnesium stearate, pyridoxine hydrochloride, thiamine mononitrate, vitamin B2 (riboflavin), pteroylmonoglutamic acid, cyanocobalamin, color E 171.

ARGI+ POWDER

100% L-arginine powder plus L-citrulline

L-arginine is responsible for a number of mechanisms in the body. It expands the blood vessels which results in a better circulation of tissue and muscles. ARGI + is potency-enhancing. It may have a cholesterol-lowering effect, prevents vascular calcification and improves cardiac performance. It contributes significantly to wound healing after injury or surgery and has a detoxifying effect. By adding citrulline, the efficiency of arginine is increased.

Ingredients: L-arginine hydrochloride, L-citrulline-malate, release agents (silicon dioxide).

ARGI+ CAPS

Effect like ARGI + POWDER including caffeine.

The added caffeine has a stimulating effect and enhances metabolism. Perfect for fatigue or just before the start of training.

Ingredients: L-arginine, caffeine, cellulose, Magnesium stearate and silicon dioxide, gelatin (capsule).

XTC PRE WORKOUT

Drinking powder with arginine, isomaltulose, amino acids, creatine, taurine, caffeine and vitamins before training.

Specially designed for intensive muscular effort. XTC provides the body before workouts with all the essential nutrients that protect the muscle from premature fatigue and thus extend the exercise-induced muscle stimulus.

Ingredients: isomaltulose (a glucose and fructose source), dextrose, L-arginine hydrochloride, creatine monohydrate, taurine, corn starch (contains SO₂), glutamine (contains gluten), L-leucine, acid (citric acid), flavor (contains lactose), elderberry fruit powder (maltodextrin, elderberry concentrate, sucrose, invert sugar syrup, citric acid) (2.0%), L-valine, L-isoleucine, D-ribose, guarana extract, L-lysine hydrochloride, L-methionine, L-threonine, sweeteners (acesulfam K, sucralose), caffeine, L-tryptophan, L-phenylalanine, L-ascorbic acid, D-alpha-tocopheryl acetate, nicotinamide, calcium D-pantothenate, pyridoxine hydrochloride, thiamin mononitrate, riboflavin, dye (Red pray (betanin)), pteroylmonoglutamic acid, D-biotin, cyanocobalamin.

**MADE

**MUSCLE LOAD™
NATURAL**

Supplying the muscles with carbohydrates and vitamins – before, during or after exercise.

Gaining more power and energy through increased glycogen storage. Combines perfectly with our protein, amino or creatine supplements. Through the maltodextrin contained, Muscle Load transports them directly into the muscle cell. A stronger muscle building and recovery, straight after training, is the result.

Ingredients: Maltodextrin (98.9%), vegetable oil, L-ascorbic acid, nicotinamide, dl-alpha tocopheryl acetate, calcium D-pantothenate, riboflavin, pyridoxine hydrochloride, thiamin mononitrate, pteroylmonoglutamic acid, D-biotin, cyanocobalamin.

**MADE

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

KRE-TESTHYL ■ 120 CAPSULES

KRE-TESTHYL ■ 240 CAPSULES

KRE-TESTHYL™ CAPS

Patented Creatine supplement with B vitamins for explosive strength and muscle building.

This specially developed creatine in combination with B vitamins is more readily absorbed by the cells and increases the training performance. More explosive and maximum strength and increased endurance are the result. Better recovery after intense workouts and an increase in training volume.

Ingredients: Creatine ethyl ester malate, gelatin (capsule), releasing agent (magnesium stearate, silicon dioxide), colors (E 172, E 171, E 122), nicotinamide, pyridoxine hydrochloride.

CREA CHEWING
BLOOD ORANGE ■ 200 CHEWABLE TABLETS
CELL GROW
ORANGE ■ 2000g
CHERRY ■ 2000g

CREA CHEWING

Creatine chewable tablets with dextrose.

An innovation on the market.

Portable, easy to use and very effective.

By the chewing process, creatine is absorbed directly into the bloodstream and made available to the body. Thus, an increased water storage in the muscle cell is achieved, which leads to rapid regeneration and an increased protein synthesis.

Ingredients: Creatine monohydrate, sorbitol*, dextrose, dicalcium phosphate, separating agent magnesium salts of fatty acids, citric acid, flavor.

GERMAN CREATIN ■ 200 CAPSULES

GERMAN CREATIN ■ 625 CAPSULES

GERMAN CREATIN POWDER OR CAPS

100% pure creatine from Germany

German Creatine is one of the most effective and most potent creatine on the world market. Creatine promotes the absorption of water into the muscle cells, which increases lean body mass. This effect is very popular among athletes. An increased amount of creatine intake is very useful e.g. for sports that require explosive strength and long endurance, as creatine increases the short-term performance, the maximum strength of the muscles and the endurance. There is a stronger muscle fiber growth, resulting in a significant increase in muscle strength. As natural creatine is only contained in meat, these products are ideal for a vegetarian or vegan diet. Works well in combination with our weight gainers and carbohydrate products.

Ingredients: creatine-monohydrate (100%)

MADE IN GERMANY

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

ANTI POISON™

Antioxidants against free radicals.

Due to increasing pollution and the almost inevitable absorption of free radicals in the human organism, body cells can be attacked and lose their function. As a result, diseases may occur. Antioxidants may protect the cells against free radicals and also detoxify the body.

Ingredients: N-acetyl-L-cysteine, gelatin (capsule), R-alpha-lipoic acid, filler cellulose, L-ascorbic acid, D-alpha-tocopheryl acetate, separating agent (magnesium stearate, silicon dioxide), colors (E 172, E 171).

ACID KILLER POWDER OR CAPS

Beta alanine against acidification of the muscles

Beta alanine has a positive influence on the pH in the muscles and can protect against early hyperacidity. Immediately after taking the product, a pleasant tingling sensation throughout the body can be felt - a sign of the fast and high efficiency. The positive effects are: increased performance, more muscle strength and muscle mass, an increase in aerobic and anaerobic endurance for longer and harder workouts.

Ingredients: beta-alanine (99.7%), release agents (silicon dioxide).

MADE
IN
GERMANY

Our products are laboratory tested for purity, safety and quality. All Products are aspartame free with a 100% guarantee on the quality of the ingredients and awarded a quality seal.

Q10 SHIELD CAPS

Capsule with coenzyme Q10

Helps to fight oxidative stress as free radicals are absorbed. With increasing age, the coenzyme balance in our organs may deteriorate and can be improved with Q10 Shield. Health-promoting and skin-firming effect.

Ingredients: Cellulose, gelatin (capsule), coenzyme Q10 (49.0%), Magnesium stearate and silicon dioxide, vegetable fat.

ZINC CAPS

Zinc plays an important role in many body functions.

A trace element for hair, skin and hormone regulation. Zinc strengthens the immune system, protects cells from oxidative stress and supports the process of cell division.

Ingredients: cellulose filler, zinc gluconate, gelatin (capsule), releasing agent (magnesium stearate, silicon dioxide), dye E171.

VITAMIN D3

Too little sunlight can reduce the vitamin D level. Due to our increased precautions against aggressive sunlight, the body produces less vitamin D. This, however, is vital to the human body. It can increase mental performance, bone density and testosterone levels in men. In addition, vitamin D reduces insulin resistance, hypertension, cardiovascular diseases and diabetes.

Ingredients: Bulking Maltodextrin, Cellulose (capsule), releasing agent (magnesium stearate), cholecalciferol.

VITAMIN C

Improvement of the immune system. Vitamin C promotes the formation of important antibodies. In addition, it acts as an antioxidant and thus is used to eliminate free radicals. It supports the reduction of stress hormones, which in turn promotes muscle growth.

Ingredients: Maltodextrin, Vitamin C (L-ascorbic acid), gelatin (capsule), releasing agent silicon dioxide and magnesium stearate.

OMEGA 3

High quality Omega 3 fatty acid capsules with Vitamin E

The omega 3 fatty acids may be responsible for many processes: production of hormones, support of protein synthesis in the body, metabolism, grease supply for the joints, cell metabolism, formation of the body's own immune cells, protection against infection. They ensure a healthy cellular respiration and healthy skin and hair. Omega-3 fatty acids together with other vitamins are recommended for dry or brittle skin and hair because they provide the body with moisture.

Ingredients: fish oil with omega 3 fatty acids (18% EPA and 12% DHA); demineralized water. Softgel capsule shell: gelatin (bovine), Glycerin, Vitamin E (DL-alpha tocopherol acetate).

PACKAGE SIZE

VITAMIN D3 ■ 100 CAPSULES

VITAMIN C ■ 100 CAPSULES

OMEGA 3 ■ 200 CAPSULES

ANALYSIS VITAMIN D3 CAPS

	per 100 g	per capsule
Physiological value	1499 kJ	7,1 kJ
Caloric value	[355 kcal]	[1,6 kcal]
Protein	< 0,1 g	< 0,1 g
Carbohydrates	74,3 g	0,3 g
Fat	2,0 g	< 0,1 g
Vitamin D	2105 µg	10 µg
of which RDA*	42100%	200%

* RDA = percentage of the recommended daily dose (according to directive 2008/100/EG)

ANALYSIS VITAMIN C CAPS

	per 100 g	per capsule
Physiological value	1470 kJ	9,4 kJ
Caloric value	[351 kcal]	[2,2 kcal]
Protein	15,7 g	0,3 g
Carbohydrates	42,9 g	< 0,1 g
Fat	0,9 g	< 0,1 g
Vitamin D	34221 mg	180 mg
of which RDA*		225%

* RDA = percentage of the recommended daily dose (according to directive 2008/100/EG)

ANALYSIS OMEGA 3 CAPS

	per 100 g	per capsule
Physiological value	799 kJ	11,6 kJ
Caloric value	[191,2 kcal]	[2,8 kcal]
Protein	16,9 g	245 mg
Carbohydrates	26,5 g	384 mg
Fat	6,7 g	97 mg
Fish oil	69,0 g	1000 mg
of which Omega 3	20,7 g	300 mg
of which DHA	12,4 g	180 mg
of which EPA	8,3 g	120 mg
Vitamin E	827,6 mg	12 mg

* RDA = percentage of the recommended daily dose (according to directive 2008/100/EG)

ZERO CARB PROTEIN BAR

The protein bar with unique nutritional values.

TRAINING GLOVES

High quality leather gloves with reinforced seams and integrated wrist support. Additional cushioning for the palms when lifting heavy weights. The breathable material avoids excessive sweating and guarantees high durability.

GRIP PADS

Solidly manufactured high quality hand grip pads. Protect the palm of your hand during intensive training. The sewn rubber surfaces give the hands an extra grip and prevent sudden slippage.

ALL-IN-ONE

Specially designed all-in-one product for weight lifting. Through integrated power straps, wrist guards and grip pads, this product supports the athletes during intense workouts and weight lifting.

LIFTING STRAPS

GRIP PAD

WRIST PROTECTION

WRIST PROTECTION

Short wrist wraps for light to medium loads during exercise. Also suitable for everyday use against pain.

KURZ

The long wrist support has been designed specifically for weightlifters and protect joints and tendons when lifting heavy weights.

LANG

KNEE BANDAGES

Knee protection and stabilization during training or in everyday life. A special wrapping technique of the bandages offers optimal protection against injury in the joints, cartilage and ligament area.

LEATHER BELT

The high quality of the thick bend leather belt supports an upright and healthy posture during training and reduces the risk of injury.
